

ASSOCIATION OF FAMILY HEALTH TEAMS OF ONTARIO

BRIGHT LIGHTS AWARDS

2019

Nomination

Patient and family-centred care

Trent Hills Family Health Team

Supporting families in rural area, for better care of their children from birth to school age

This is a program was developed by nurses, new in the primary care setting. They were experienced nurses in women and child care health in the hospital setting and felt there was a lack of support to the new moms and quite a gap in the teaching offered in the hospital and the primary care setting. They develop a program allowing a continuity of care for the children and the parents. It offers an opportunity for the parents to learn the numerous skills required to be parents as well as a safe place to ask their questions.
