Situation Report #49: COVID-19

Ministry of Health | Health System Emergency Management
Branch

March 14, 2020

Situation:

- Case counts as of March 14, 2020:
 - China: 80,824 cases; 3,189 deaths
 - Asia & Oceania: 10,893 cases; 123 deaths (South Korea - 72)
 - Europe: 44,840 cases; 1,796 deaths (Italy – 1,441)
 - Middle East: 13,874 cases; 623 deaths (Iran - 611)
 - Africa: 154 cases; 4 deaths
 - Latin America and Caribbean: 273 cases; 2 deaths
 - North America: 2,875 cases
 - United States – 2,657 cases; 50 deaths
 - Canada - 218 cases; 1 death
- 22 new cases were reported today in Ontario, bringing the cumulative total to 101 (this includes 5 resolved cases).
- In Ontario, there are 939 persons under investigation with lab results pending.
- The Government of Canada announced that a third person from the Grand Princess cruise ship who is currently in quarantine at CFB Trenton has tested positive for COVID-19.

Actions Taken:

- An initial COVID-19 Self Assessment Tool has been posted to the [Ontario Government](#) site. Individuals who suspect they have COVID-19 can consult this tool to determine whether and how to seek further care. An automated click-through version of the tool is under development.
- The ministry received a number of questions regarding the updated case definition as well as the recent announcements regarding travel:
 - The latest [case definition](#) shared yesterday clarifies that testing should continue to be conducted for individuals who are symptomatic and have travelled or have had close contact with someone who has travelled or a confirmed case. Asymptomatic individuals should not be tested. The ministry will continue to monitor and consider modifications to the testing criteria.
 - A number of travel-related announcements have been made over the past 48 hours. As this continues to be a rapidly-evolving area, the ministry will

have further discussions with other jurisdictions and attempt to clarify recommendations as well as other questions (e.g. health care workers).

- The current guidance from the Chief Medical Officer of Health generally requests returning travellers to self-monitor for 14 days. There are exceptions for children as well as for travellers to specific areas of concern (e.g. Hubei) who are being requested to self-isolate.

- 20 new cases were reported today in Ontario, bringing the cumulative total to 79 (this includes 5 resolved cases).
- In Ontario, there are 580 persons under investigation with lab results pending.
- The Government of Canada announced that a second person from the Grand Princess cruise ship who is currently in quarantine at CFB Trenton has tested positive for COVID-19.

Actions Taken:

- The Government of Canada has warned against all international travel. All travellers arriving in Canada from international points are being asked to self-isolate for 14 days as a precaution.
 - **The ministry revised the COVID-19 case definition to clarify who should be tested. We are asking all providers not to test asymptomatic individuals.**
- The Chief Medical Officer of Health issued a memo (attached) discussing Enhanced Public Health measures for COVID-19. Highlights from this memo include:
 - Advising the people of Ontario to avoid all non-essential travel outside of Canada. If you decide to travel outside of Canada with children, they will be required to self-isolate for a period of 14 days upon return.
 - Similar to recent guidance for long-term care and retirement homes, all licensed child care centres are asked to actively screen children, parents, staff and visitors for any symptoms and travel history that may be related to COVID-19 based on the ministry's case definition.
 - Recommending the immediate suspension of all large events and public gatherings of over 250 people. Organizers who have questions about smaller gatherings are encouraged to contact their local public health unit.
- The Chief Medical Officer of Health also issued a memo to Long-Term Care Homes, Retirement Homes, Supportive Housing, Hospices and other congregate care settings on **allowing only essential visitors.**

- In Ontario, there are 102 persons under investigation with lab results pending.
- To date, there are no COVID-19 positive cases among the repatriated Canadians in quarantine at the NAV Centre.

Actions Taken:

- A chart has been attached that shows the Risk Levels and Precautions for COVID-19 with links to resources on how to Self Isolate and Guidance for Close Contacts. This will be uploaded to the [Ontario.ca/coronavirus](https://ontario.ca/coronavirus) website in the coming days.
- Signage has been updated for healthcare settings and translated into English and French. Simplified Chinese and Farsi translation are underway.
- Future scenario planning is currently underway amongst provincial partners and stakeholders at regional levels and within many sectors. Further information will be communicated as the process evolves.
- The ministry continues to work with federal and local partners to support the remaining repatriated citizens at the NAV Centre.
- As a reminder, the ministry can be contacted through the Health Care Provider Hotline for policy guidance related to COVID-19. At this time, the hotline is unable to provide clinical advice regarding the management of cases.

Next Steps:

- The ministry is updating guidance documents and will distribute them once they are complete.
- The ministry will work with and support local partners and the federal government to support repatriated citizens.
- The ministry continues to work with health system partners to understand their needs with respect to personal protective equipment and other supplies.
