

The Palliative Care Quality Improvement Support Community of Practice (CoP) presents:

## Early ID for Palliative Care: Lessons Learned and Moving Forward

Please join the CoP as we celebrate successes, learn about progress to date on the palliative care indicator, and discuss plans for 2021 to improve palliative care in Ontario.

**Target Audience:** Individuals within an organization working to implement:

- The early identification and assessment of palliative care needs indicator
- Additional quality statements from the [Palliative Care Quality Standard](#)

**January 21, 2021**  
**12:00 p.m. – 1:00 p.m. (EST)**

[REGISTER NOW](#)

### Objectives:

- Introduce the new Ontario Palliative Care Network provincial clinical co-lead
- Review what we learned in 2020 including data from QIP submissions
- Highlight implementation strategies used and stories of quality improvement
- Discuss plans for moving forward in 2021

### Speakers:

- Moderator: Stacey Bar-Ziv, Manager, Clinical Improvement & Informatics, Ontario Health
- Dr. Darren Cargill, Provincial Clinical Co-lead, OPCN
- Janine Theben, QI Specialist, Ontario Health
- Sue Jones, RRT QI Specialist Ontario Health
- Spotlight LTC speaker TBD
- Spotlight Primary Care speaker TBD
