

Advance Care Planning & Goals of Care E-Learning Modules **FREE TO ACCESS**

Hospice Palliative Care Ontario is very pleased to offer the Health Care Consent Advance Care Planning and Goals of Care E-Learning Modules at no cost to care coordinators and other relevant stakeholders across Ontario until **March 31st, 2021**.

Now more than ever, the subject of Advance Care Planning is a critical one for our health care system and quality of life. Furthermore, it is important to recognize the growing need for Person-Centred Decision-Making resources and training for health care providers in the context of the COVID-19 pandemic.

There are five self directed online modules, each ending with a quiz, including:

Module 1	How do I have an Advance Care Planning conversation with a well patient ?
Module 2	How do I have an Advance Care Planning conversation with a stable but seriously ill patient ?
Module 3	How do I have a Goals of Care discussion with an unstable and seriously ill patient ?
Module 4	Is it my responsibility to address Advance Care Planning, Goals of Care discussions and consent?
Module 5	How do I have Goals of Care and consent discussions with a patient who is critically ill and rapidly deteriorating ?

Registration can be accessed at <https://pcdm.ca>

Note that access to the course will expire 4 months after enrollment; please ensure that you have completed all modules within this time frame. If you have any questions or need technical support, please contact pcdm-support@hpcoco.ca
